

GETAC AT A GLANCE

OVERVIEW & BACKGROUND

With over 30 years of experience, Getac is a recognized leader in global rugged device manufacturing. Since 1989 Getac has been an Original Equipment Manufacturer (OEM) and consistently leads the industry in innovation, technology, and design of rugged laptops and tablets. Getac's primary goal is to offer a solution that streamlines productivity and withstands the rigors of the end-user environment.

Getac has a global presence in a wide range of industries, including military, public safety, field service, transportation, and manufacturing.

Getac is committed to green IT products and environmental protection, providing Energy Star-rated devices, EPEAT Certification, and Reduced Packaging.

The rugged devices are highly configurable, including OS, Memory, Hard Drive, I/O Ports, and Warranty specifications and 100% US-Based warranty support, Imaging Services, Asset Tagging, and Software Solutions.

BUILT TO SURVIVE

Each Getac Device undergoes rugged certification testing conducted by an independent, internationally accredited engineering and research laboratory (MIL-STD 810G/H, IP53 – IP65).

This testing guarantees our devices have the ability to withstand extreme environments, protection against drops, severe vibration and tumbling, and heat dissipation that allows the processor to stay cooler and consistently perform near full power.

INNOVATIVE TECHNOLOGIES

LumiBond® Technology gives glove-enabled touchscreen functionality with high contrast ratio and wide viewing angles providing greater readability.

The dual Hot-Swappable Battery design allows for potentially infinite, uninterrupted battery life. This enables you to remove one of the two rechargeable batteries and replace it with a fresh battery without ever shutting down apps or your Windows OS.

QuadraClear® Technology with super-bright backlight and anti-reflective capability delivers incredible sunlight readability.

SERVICE DELIVERED

Getac's devices are built to the highest standard; however, Getac understands accidents are inevitable in this environment. All of our devices carry a 3-5 Year Bumper-to-Bumper Warranty. Getac's industry-leading accidental damage warranty includes coverage for accidental acts and exposure to environmental conditions.

Self-Maintainer Program offered by Getac empowers in-house technicians to provide immediate services to a defective unit for minor repairs.

FedEx Logistics is Getac's answer to warranty repair challenges. A fast, convenient, reliable service repair center located in Memphis, TN, warranty repairs can be initiated 24 hours a day, 7 days a week on the customer portal. With over 1,800 FedEx Office locations nationwide and FedEx drop-off locations on most US military bases, it's easy to find a drop-off location convenient to your organization.

PRODUCT LINE

Designed To Be Rugged From The Ground Up.

Getac

V110

11.6" Fully Rugged Convertible

- Intel® Core™ i5 or i7 Processor
- Sunlight Readable FHD Touchscreen
- Optional: Digitizer and Barcode Reader
- Hot-Swappable Dual Batteries
- MIL-STD-810H and IP65 Certified

B360

13.3" Fully Rugged Laptop

- Intel® Core™ i5 or i7 Processor
- Sunlight Readable FHD Touchscreen
- LifeSupport™ Battery Swappable Technology
- MIL-STD-810H and IP66 Certified

B360 PRO

13.3" Fully Rugged Laptop

- Intel® Core™ i5 or i7 Processor
- Sunlight Readable FHD Touchscreen
- Optional: NVIDIA® GeForce® GTX1050 4GB Discrete Graphics Controller
- LifeSupport™ Battery Swappable Technology and 2x the Battery Life of B360

S410

14" Rugged Laptop

- Intel® Core™ i3, i5 or i7 Processor
- Sunlight Readable LCD
- Optional: Touchscreen and Full HD
- MIL-STD-810H and IP53 Certified*
- Optional Blu-ray, 2nd SSD, 2nd or 3rd Battery

X600

15.6" Rugged Laptop

- Intel® Core™ i5, i7, HE-Series Processor
- Sunlight Readable Full HD LCD
- Optional: Intel® Xeon® vPro® processor
- Up to 3 removable PCIe SSD (Max 6TB)
- MIL-STD-810H, 461G and IP66 Certified
- 3 Year Bumper-to-Bumper Warranty

X600 PRO

15.6" Fully Rugged Laptop

- Intel® Core™ i5, i7, HE-Series Processor
- Sunlight Readable Full HD LCD
- Optional: Intel® Xeon® vPro® processor
- Up to 3 removable PCIe SSD (Max 6TB)
- Expanded Battery Capacity, Super-Multi DVD /Optional Blu-ray Drive

X600 PRO-PCI

15.6" Fully Rugged Laptop

- Intel® Core™ i5, i7, HE-Series Processor
- Make your own solution with expansion capability with 2 full PCI/PC-E slots
- Versatile I/Os connectivity including Thunderbolt™ 4
- Four batteries with hot-swappable capability

X600 SERVER

15.6" Fully Rugged Laptop

- Intel® Xeon® W-11865MRE 11th Generation Processor
- Optional : Server RAID Expansion for 8 additional Hot-Swap SSD's (Max 22TB/RAID 0,1,5)
- Expandable modules for additional ports, batteries, DVD/Blu-Ray, and connectivity

T800

8.1" Fully Rugged Tablet

- Intel® Atom Processor
- Sunlight Readable Display
- Optional: Digitizer
- MIL-STD-810H and IP65 Certified
- Extensive Battery Life

UX10

10.1" Fully Rugged Tablet

- Intel® Core™ i5 or i7 Processor
- Sunlight Readable Full HD LCD
- Optional: Digitizer and Barcode Reader
- MIL-STD-810H and IP65 Certified
- Purpose-Built Tablet with Configurable Options

F110

11.6" Fully Rugged Tablet

- Intel® Core™ i5 or i7 Processor
- Sunlight Readable LCD with FHD
- Optional: Digitizer and Barcode Reader
- MIL-STD-810H and IP66 Certified
- Hot Swappable Dual Batteries

K120

12.5" Fully Rugged Tablet

- Intel® Core™ i5 or i7 Processor
- Sunlight Readable LCD with FHD
- Optional: Digitizer and Barcode Reader
- Hot-Swappable Batteries
- MIL-STD-810H and IP66 certified

A140

14" Fully Rugged Tablet

- Intel® Core™ i5 or i7 Processor
- Sunlight Readable Full HD LCD
- MIL-STD-810H, 461G and IP65 Certified
- Dual Hot-Swappable Batteries

ZX80

8" Fully Rugged Android Tablet

- Android 13
- Qualcomm® QSC6400 Octa-core CPU
- Sunlight Readable 1,000 nit Display
- Optional Barcode Reader
- 4G LTE or 5G Sub-6
- MIL-STD-810H and IP66 Certified

ZX10

10.1" Fully Rugged Tablet

- Android 11.0 OS
- Qualcomm® Snapdragon™ 660
- Sunlight Readable Display
- Optional: Barcode or Smart Card Reader
- MIL-STD-810H and IP66 Certified
